NOTIFICATION NO. 471

It is hereby notified for the information of all concerned that the Academic Council has, at its 35th meeting held on 13/06/2009, considered and approved the rules regarding passing, continuous assessment and award of class for P.G. courses (M. tech.)

A. Grant of Term

1. A candidate who is granted term for M. Tech Semester – I will be allowed to keep term for his/her M. Tech. Semester-II examination even if he/she appears and fails or does not appear at M. Tech. Semester-I examination.
2. A candidate who is granted term of M. Tech Semester-III will be allowed to keep term for his/her M. Tech. Semester-IV examination even if he/she appears and fails or does not appear at M. Tech. Semester-III examination.
3. A student shall be allowed to keep term for M. Tech Semester-III even if he/she has a backlog of all Heads of passing in theory examination held at M. Tech Semester I & II taken together.
4. A student has to secure 40% marks in theory and 50% marks in TW & oral as a condition of pass class. The overall percentage of marks of all semesters taken together should be more than 50% to declare the student to be passed.

AR
2-10

B. CONTINUOUS ASSESSMENT

1. The term work assessment will be based on the practical/assignment as described in the syllabus.
2. Final assessment and termwork shall be done by pair of internal and external examiners jointly during the examination schedule declared by the university. The teacher conducting practicals/assignments during the term shall maintain a record of continuous assessment. Every practical/term work/assignment shall be assessed continuously on the scale of 20 marks and weightage of 20 marks shall be distributed as follows:

Sr. No.	Activity	Marks
1.	Timely submission	04
2.	Presentation	06
3.	Understanding	10

3. This record of continuous assessment shall be made available to the examiners during Term work and oral examination. Examiner shall use this record for overall assessment of the performance of the student.
4. Assessment of the seminar work and dissertation work shall be done continuously. Record of this assessment shall be made available during examination. The student should submit the dissertation-I report along with the dissertation-II report at the time of final submission.

C. CLASS

The class should be awarded to the student on the basis of aggregate marks obtained together in all the semesters. The award of the class shall be as follows.

(A)	Aggregate 66% or more marks	Distinction
(B)	Aggregate 60% or more marks but less than 66%	First Class
(C)	Aggregate 55% or more marks but less than 60%	Higher Second Class
(D)	Aggregate 50% or more marks but less than 55%	Second Class
(E)	Less than 50%	Fail

Rules for conducting the unit tests:

Mode of the unit test :

1. Three unit tests per subject shall be conducted in each semester. The schedule for the same will be declared in the academic calendar of each term.
2. Each unit test shall carry 30 marks.
3. University examination pattern has given weightage of 30 marks for unit tests and 70 marks for semester examination.
4. To calculate final marks of the unit test following procedure is followed;
 - i) Out of the three unit tests conducted during the semester, the marks of only two unit tests in which the candidate has shown his/her best performance shall be considered, to decide the provisional marks in each subject.
 - ii) Average marks obtained in two unit tests in which students have performed well shall be considered as provisional marks obtained by the student.
 - iii) If the candidate appears only for two unit tests conducted during the semester, he/she will not be given the benefit of the best performance in the tests.
 - iv) If the candidate appears only for one unit test conducted during the semester, to calculate the marks obtained in the unit tests it will be considered that the candidate has got 0 (zero) marks in other unit tests.
 - v) There is separate passing in semester examination. A candidate has to secure minimum 28 marks (i.e.40%) out of 70 marks to declare him/her pass. Provisional marks obtained by the candidate in unit tests should reflect as proportional to the marks obtained in semester examination. In case of disparity of more than 15% it will be scaled down accordingly. These marks will be final marks obtained by the student. No scaling up is permitted.
 - vi) Unit test marks will be added in semester examination marks only after passing of candidate in semester examination in respective subject.

5. Paper pattern for the unit tests:

All questions are compulsory with weightage as following:

Question 1 - 10 marks

Question 2 - 10 marks

G. Srinivas

Question 3 - 10 marks

6. For granting the term it is mandatory to appear for all the three unit tests conducted in each semester.
7. Roll numbers allotted to the students shall be the examination numbers for the unit tests.

These rules are effective from the academic year 2009-10.
